

**Industrial Plug and Socket**

**Electrical Specification**

Nominal Current: 32A  
 Nominal Voltage: 220 ~ 240V  
 No of Poles: 2P + E  
 Protection Degree: IP44

IEC 60309 Plug and Sockets-outlets for industrial use standards. CEIRSEC's Series industrial plug and sockets-outlets are in compliance with the following international standards: IEC 60309-1 & IEC 60309-2, CEIEN60309-1, CEIEN60309-2.

They are also in compliance with the standard: VDE0623 BS4343 Advantage.

The base materials are NYLON 66, which provides good features for the products such as good insulating, resistance against most chemicals and salt-water, extremely cold-proof and almost unbreakable. For the advanced design they are suitable to be used in special environment, where IP44 or IP67 protection degree is required.
